QUESTION 1 SINGLE CHOICE

In MET Speaking Part 2, what does the candidate do?

- ☐ A Repeats sentences that the examiner reads aloud.
- ☐ B Answers ten quick-fire grammar questions.
- ☒ C Talks about a topic suggested by a visual prompt and then answers follow-up questions from the examiner.
- ☐ D Takes part in a role-play with another candidate.

ANSWER C

WHY In MET Speaking Part 2, the candidate is given a visual prompt and asked to speak about the topic for a short time; the examiner then asks follow-up questions to extend the discussion. Sentence repetition, grammar quizzes, and paired role-plays are not part of MET Speaking.

QUESTION 2 SINGLE CHOICE

Which description best matches MET Reading Part 4?

- ☐ A A short cloze text with word choices
- ☐ B A set of short texts to match to topics
- ☒ C A longer text followed by several multiple-choice questions
- ☐ D A short message with gaps for missing sentences

ANSWER C

WHY MET Reading Part 4 presents a longer, more complex text followed by a set of multiple-choice questions that test detailed comprehension and inference.

QUESTION 3

SINGLE CHOICE

What is the format of MET Reading Part 3?

- ☐ A A longer text followed by multiple-choice questions
- ☒ B Several short texts matched to situations or topics
- ☐ C A cloze text with missing words
- ☐ D A short message with sentence gaps

ANSWER B

WHY MET Reading Part 3 contains several short texts (for example, notices, messages, articles) that candidates must match to situations, speakers, or topics listed in the task.

QUESTION 4

SINGLE CHOICE

In MET Writing Part 2, candidates are typically asked to write which type of text?

- ☐ A A formal academic research paper
- ☒ B A short essay expressing an opinion or argument
- ☐ C A literary analysis of a poem
- ☐ D A business report with charts

ANSWER B

WHY MET Writing Part 2 requires candidates to write a short essay expressing an opinion or argument in response to a prompt.

QUESTION 5

SINGLE CHOICE

In MET Reading Part 5, candidates read a text containing numbered gaps. What must they do?

- ☒ **A** Choose the best word from four options to fill each gap
- ☐ **B** Answer comprehension questions about the text
- ☐ **C** Match each gap to a heading
- ☐ **D** Reorder sentences to form a coherent text

ANSWER A

WHY Reading Part 5 is a cloze-style task: candidates select the most appropriate word from four options to fill each numbered gap in the text.

QUESTION 6

SINGLE CHOICE

Which four language skills does the MET Test Center exam assess?

- ☒ **A** Listening, Reading, Writing, and Speaking
- ☐ **B** Listening, Reading, Grammar, and Speaking
- ☐ **C** Listening, Vocabulary, Writing, and Speaking
- ☐ **D** Reading, Writing, Grammar, and Vocabulary

ANSWER A

WHY The MET Test Center exam assesses the four core language skills: Listening, Reading, Writing, and Speaking. Grammar and vocabulary are tested indirectly through these skills rather than as separate sections.

QUESTION 7

MULTIPLE CHOICE

The MET Test Center exam is mapped to the Common European Framework of Reference (CEFR). Which two of the following CEFR levels are covered by the MET Test Center exam? (Choose two.)

- ☐ A A1
- ☒ B B1
- ☒ C B2
- ☐ D C1

ANSWER B • C

WHY The MET Test Center exam assesses English proficiency at the B1 and B2 levels of the CEFR. A1 is below the tested range, and C1 is above it.

QUESTION 8

MULTIPLE CHOICE

Which of the following statements about the MET Test Center exam are correct? (Choose two.)

- ☒ A It assesses all four language skills: Listening, Reading, Writing, and Speaking.
- ☐ B It is a computer-adaptive exam delivered only online via a web browser.
- ☒ C Its level corresponds approximately to CEFR A2 to B1.
- ☐ D Candidates can choose to take the skills in any order they prefer.

ANSWER A • C

WHY The MET Test Center exam assesses all four skills (Listening, Reading, Writing, Speaking) and corresponds to a CEFR level of approximately A2-B1. Statement B is incorrect because, although it is digital, it is not adaptive in the way described, and statement D contradicts the standard fixed order of skills in the MET format.

QUESTION 9 SINGLE CHOICE

Which description best matches MET Reading Part 3?

- ☐ A A long article with multiple-choice questions
- ☒ B Several short texts, each followed by one or more multiple-choice questions
- ☐ C Short texts to match to situations
- ☐ D Gapped sentences with multiple-choice options

ANSWER B

WHY MET Reading Part 3 contains several short texts, each followed by one or more multiple-choice questions. Long articles with multiple questions are characteristic of Part 2, matching tasks are in Part 1, and gap-fill tasks are in Part 4.

QUESTION 10 MULTIPLE CHOICE

Choose two correct answers. In Part 1 of the MET Listening test, candidates listen to short conversations and answer questions about gist and detail. Which two of the following are true about how the items are structured?

- ☒ A Each item is based on a short conversation between two speakers.
- ☐ B Candidates hear each conversation twice.
- ☒ C Each item has a question followed by three written options on the screen.
- ☐ D Candidates must write a free-response answer in English.

ANSWER A • C

WHY In MET Listening Part 1, candidates hear a short conversation between two speakers and then choose the correct answer from three written options. The conversations are heard only once, not twice, and candidates select from options rather than writing free responses. Therefore A and C are correct.

QUESTION 11

SINGLE CHOICE

In MET Listening Part 2, candidates hear several short monologues and match each one to a context, speaker, or topic. How many answer options are provided for each monologue?

- ☐ A Three options
- ☒ B Six options
- ☐ C Ten options
- ☐ D No options - candidates write a short answer

ANSWER B

WHY In MET Listening Part 2, candidates match short monologues to one of six possible options listed in a box (e.g., six speakers or six topics). Three-option items belong to other listening parts, and written responses do not appear in MET Listening.

QUESTION 12

SINGLE CHOICE

In MET Speaking Part 4, what is the candidate asked to do?

- ☐ A Read a short text aloud with correct pronunciation
- ☒ B Describe and compare two related pictures, then answer a related question
- ☐ C Listen to a recording and repeat sentences verbatim
- ☐ D Hold a debate with another candidate on a controversial topic

ANSWER B

WHY In Speaking Part 4, candidates describe and compare two related pictures and then respond to a question that connects to the pictures.

QUESTION 13

SINGLE CHOICE

In MET Speaking Part 1, what type of response does the candidate typically give?

- ☐ A A one-to-two-minute monologue on an abstract topic
- ☒ B Short answers to questions about familiar everyday topics, such as personal experiences, daily routines, or interests
- ☐ C A discussion with the examiner based on a visual prompt
- ☐ D A structured presentation followed by questions from another candidate

ANSWER B

WHY MET Speaking Part 1 consists of short questions on familiar, everyday topics. Candidates are expected to give short answers about themselves and their daily lives, opinions, and experiences.

QUESTION 14

SINGLE CHOICE

In MET Listening Part 3, candidates listen to longer monologues such as talks, lectures, or announcements. What is the task format for each item in this part?

- ☐ A Match each monologue to one of six possible speakers or contexts.
- ☒ B Choose the correct answer from three options for each question after the monologue.
- ☐ C Fill in missing words in a written summary while listening.
- ☐ D Write a short paragraph response based on the monologue.

ANSWER B

WHY MET Listening Part 3 consists of longer monologues followed by questions, each with three written answer options. Candidates choose one option per question. Matching (Part 2) and gap-fill / writing tasks do not appear in Part 3.

QUESTION 15

MULTIPLE CHOICE

Choose two correct answers. MET Reading Part 4 contains longer texts followed by several questions. Which two statements correctly describe Part 4?

- ☒ **A** It includes texts such as articles, reports, or essays on general-interest topics.
- ☐ **B** Each question is a sentence-completion item with no options to choose from.
- ☒ **C** Candidates choose the correct answer from four options for each question.
- ☐ **D** It is the shortest reading part and contains only very brief notices.

ANSWER **A • C**

WHY MET Reading Part 4 features longer, authentic-style texts such as articles, reports and essays, with multiple questions. For each question, candidates choose from four answer options. It is not sentence-completion, and it is the longest reading part, not the shortest. So A and C are correct.
